

BLOOPER 1 · GRAVEYARD · TAKE 7

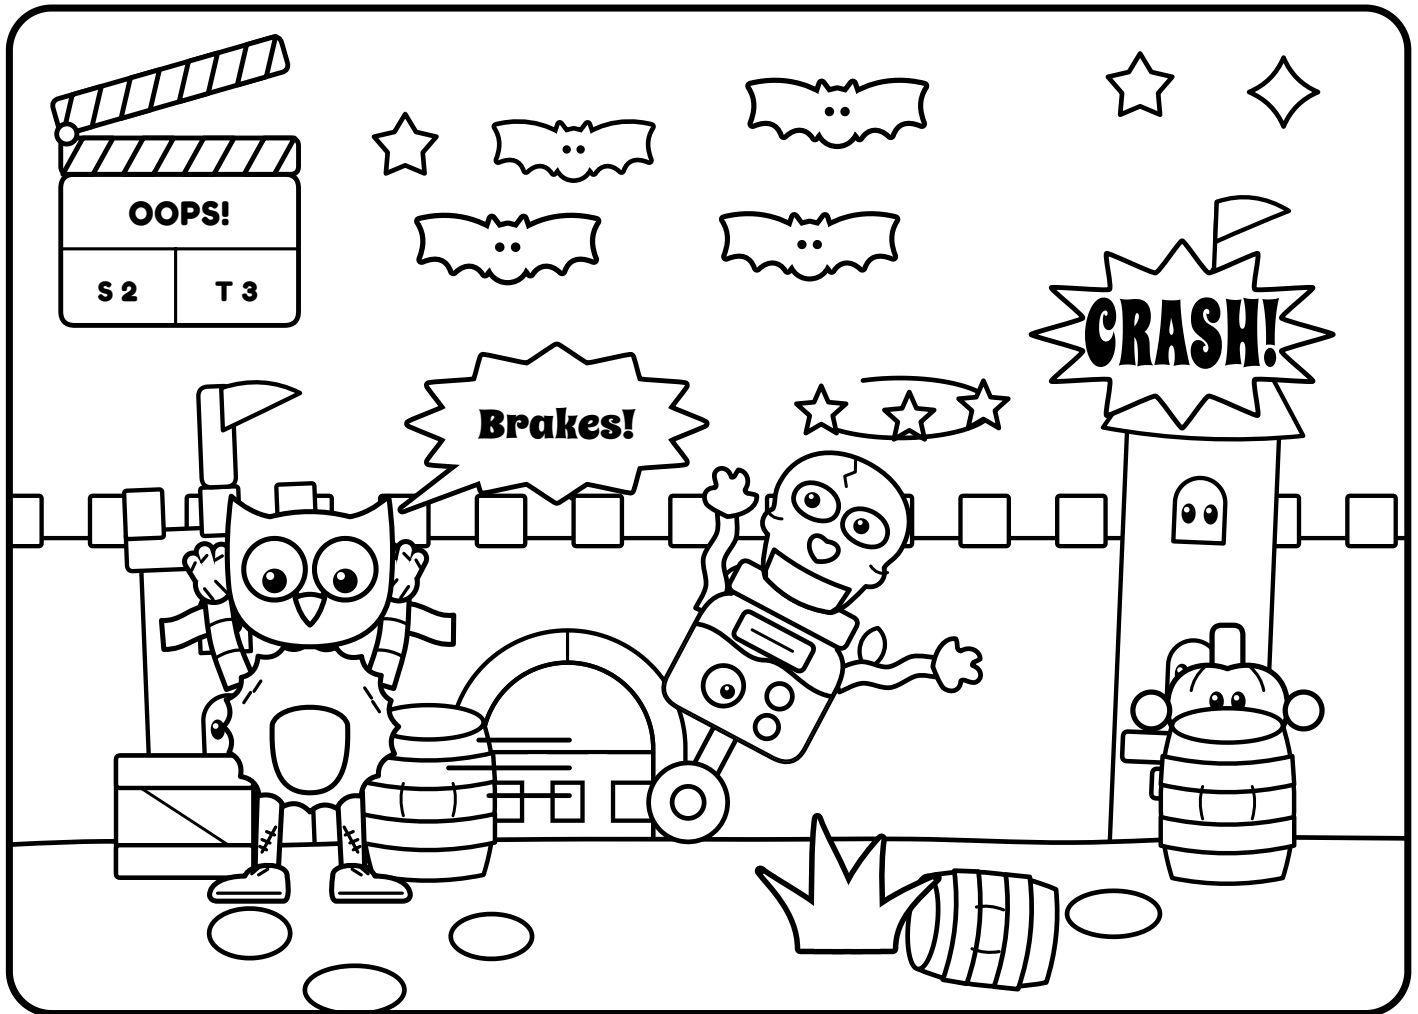

# The Giggle Fright

Sister Booboo Stomp was supposed to creep across the graveyard, all spooky. Then a gravestone giggled – and the fright sent our star almost up to the moon. Take 7, take 8, take 9 ... the gravestone is still giggling.

# No Brakes!

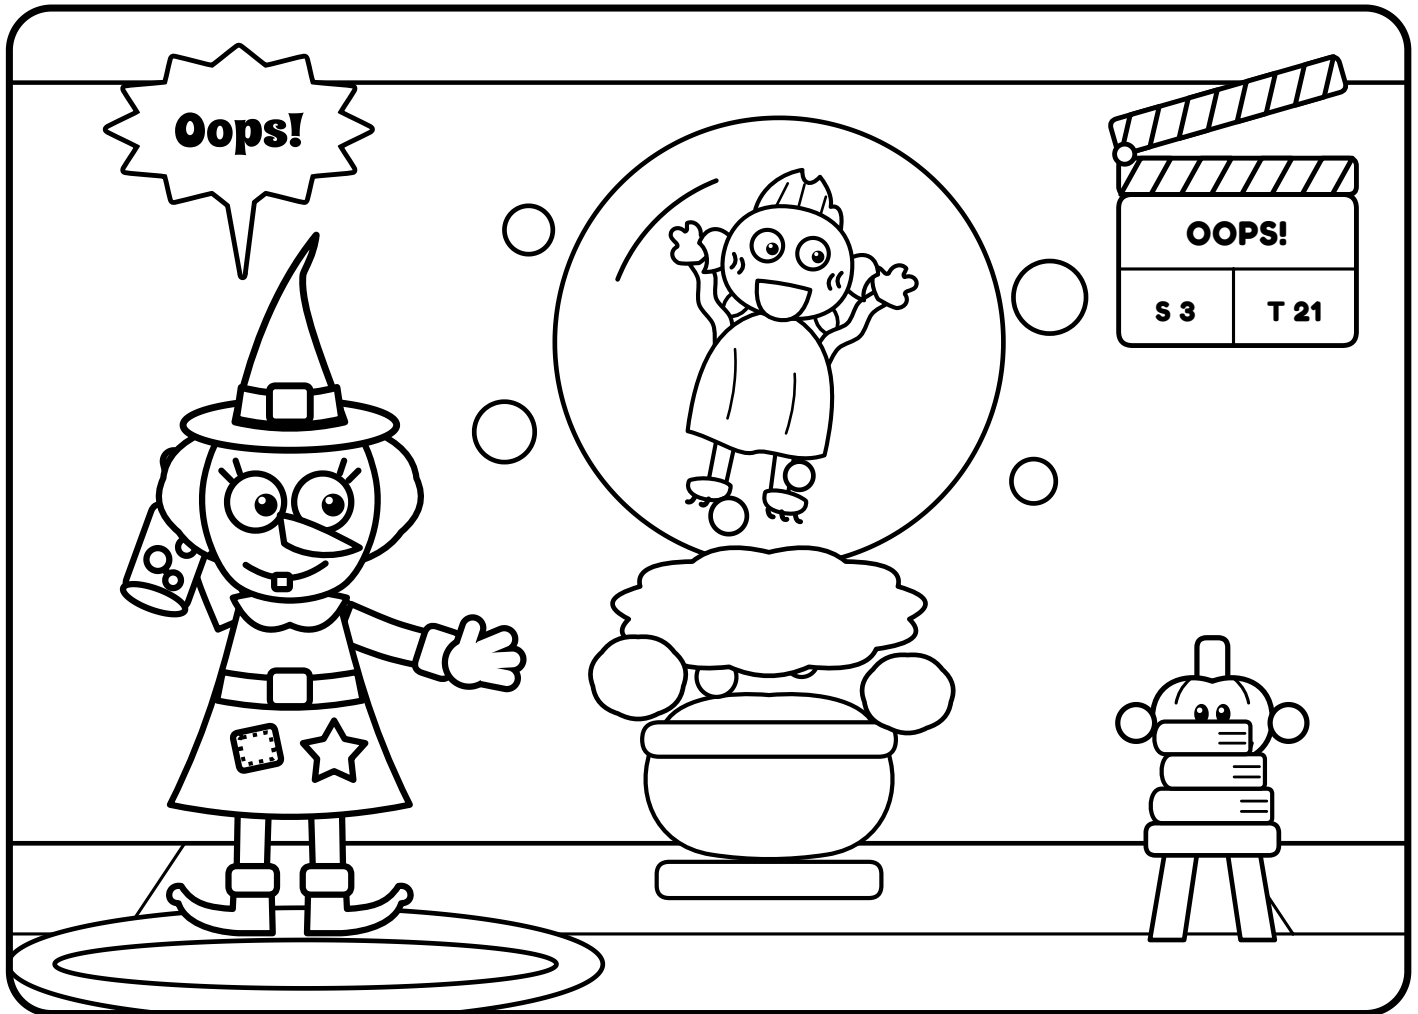

The skeleton wanted to show everybody how fast its unicycle is. Sadly, a unicycle has no brakes. CRASH – right into the barrels! Doctor Hooty Zoom shouted “Brakes!” Too late.

# Way Too Much Bubble Powder

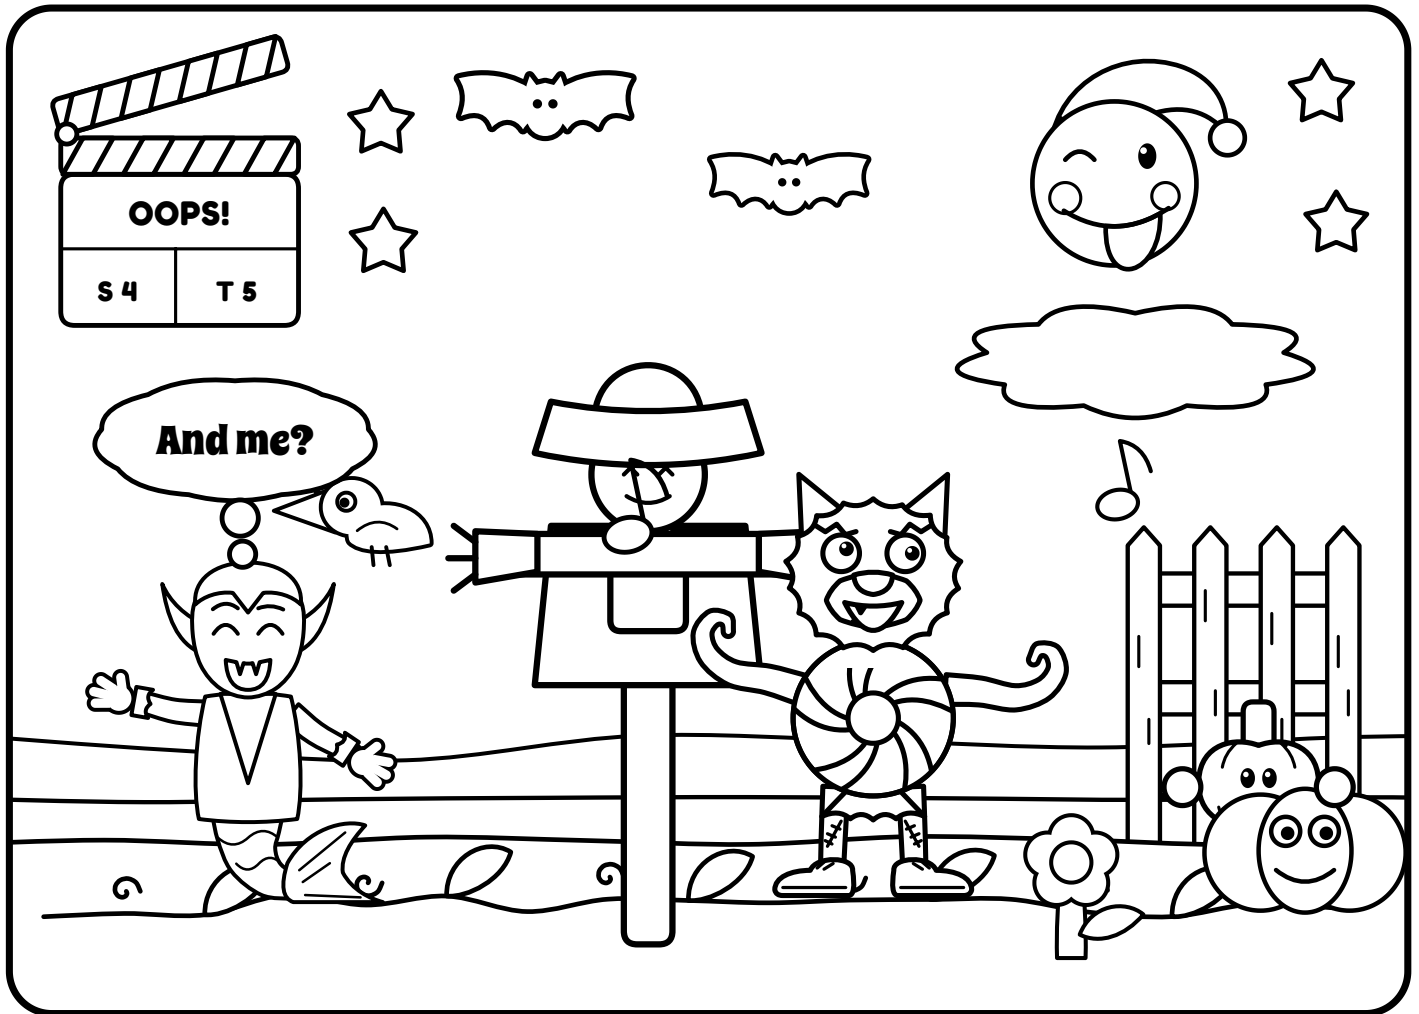

Wanda only wanted to add a pinch of bubble powder to the magic punch. It was the whole tin. Now Mini Bubbly Climby is floating up to the ceiling in a giant soap bubble – and loving it.

# The Wrong Dance Partner

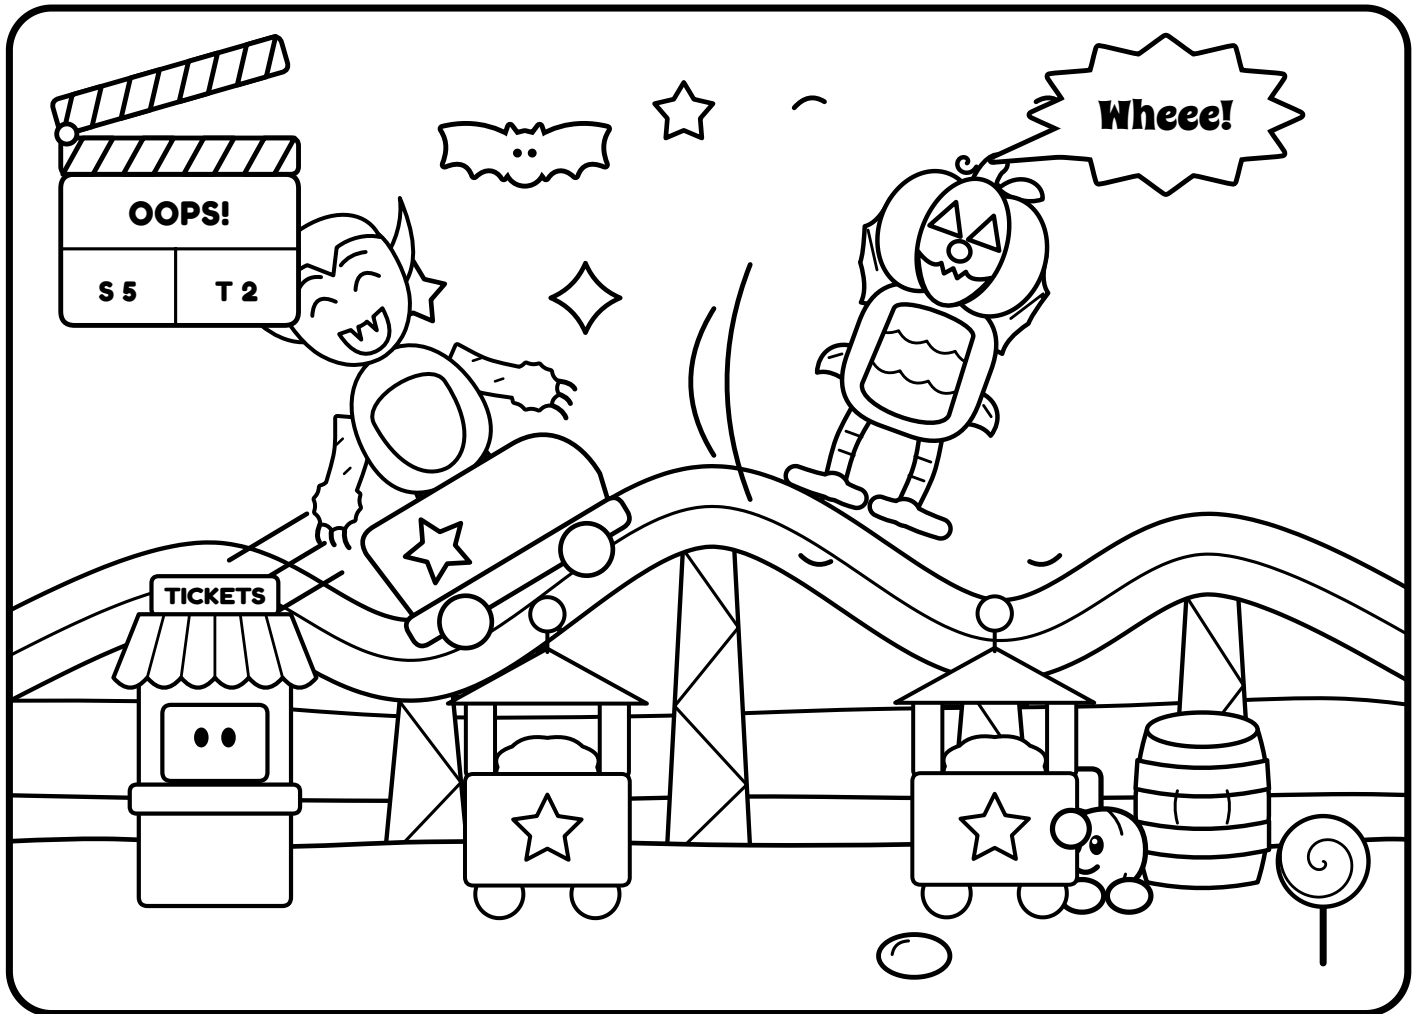

At the big pumpkin dance, Doctor Woofy Zoom grabbed the wrong partner: the scarecrow! It dances surprisingly well, just a little stiffly. The vampire is still waiting for a dance.

# Lift-off!

The ghost train has no brakes – that was in the script. That Detective Pumpo Tippy would fly out of the cart on the first bend was not. Luckily, bat wings exist: now it is a lap of honor over the fair.

**STARRING:** Detective Pumpo Tippy · a mixed-up monster from the book · Pip (hiding somewhere)

# Stuck!

The mummy wanted to take a shortcut – right down the chimney. With octopus arms, you get stuck there. Sir Patchy Floaty is laughing like crazy. And Pip? Hiding again, of course.
